Touchdown!

shrieks the TV, &
guards look to it
and away from

the x-ray screen as
the container with 3
insane Egyptians

slides by. They'll explode
an infidel mosque

& someone's
wife and daughter

heading for girlscouts
'll be collaterally minced.

So, can't change incompetence
& chance. Sorry. Oh well, if

you have a family with kids
intact, then whisper thanks

to those whispering
wings surrounding.
